

Dr Areej Abuhammad completed a DPhil in the Department in 2013. She has been selected as one of fifteen international scientists to receive an International Rising Talent Award 2018 as part of the L'Oréal-UNESCO Women in Science Programme. Areej holds a regional L'Oréal-UNESCO fellowship for Levant and Egypt 2017. Dr Abuhammad joined the Department of Pharmaceutical Sciences in the Faculty of Pharmacy at the University of Jordan in August 2013 and is now Head of the Department of Pharmaceutical Sciences at the University of Jordan. Since then, she has been working on developing structural biology and protein crystallography in Jordan. Dr. Abuhammad has established the first protein crystallography laboratory in Jordan.

Her research focuses on protein structure for useful targets for drug discovery in disease.
